

PROFILE

Highly motivated **Solutions Architect** with **13 years** of OpenText consulting expertise and extensive global experience in enterprise information management. Demonstrated **success leading complex migrations, cloud infrastructure projects**, and hosting solutions. Consultative presales and implementation specialist, adept at guiding customers through seamless transitions and technical workshops. Passionate **continuous learner** with a keen interest in building data-driven analytics and RAG solutions for enterprise applications and comfortable adapting OpenText best practices to broader technology platforms.

NUMBER OF CLIENTS BY INDUSTRY

KAPIL UTHRA

Solutions Architect

Denmark

EDUCATION

Bachelor of Electrical Engineering

M.I.T.S – R.G.P.V. Bhopal, India

2007 – 2011

G.P.A. – A

CORE COMPETENCIES

- **Solution Leadership & Governance:** Define, develop and refine architecture functions; maintain up-to-date work products; enforce best-practice standards and principles.
- **Enterprise Alignment:** Partner with Enterprise Architecture to maintain roadmaps, maximize reuse of standard components and evolve architectural vision.
- **Programme & Project Management:** End-to-end delivery, governance, reporting, change management
- **Performance & Resilience:** Architect high-availability, scalable containerized platforms (Kubernetes/EKS, ECS); implement disaster-recovery and monitoring strategies.
- **Cross-Functional Collaboration:** Liaise with Business Analysts, Product Vendors and Development teams to convert requirements into practical solution designs.
- **Cloud Platforms:** Azure (Virtual WAN, Virtual Network, Firewall, Entra ID, AKS), AWS (IAM, S3, VPC, EC2, ECS/EKS, ALB/NLB, Route53)
- **Containerization & Orchestration:** Kubernetes (AKS, EKS), Docker
- **Methodologies & Tools:** Agile, Waterfall, Infrastructure as Code (Terraform), Postman, JMeter, JIRA, Confluence.

WORK EXPERIENCE

Turnpikes [Solutions Architect]

Jan 2022 – Present

- Led presales and solution design for OpenText ECM and xECM engagements, driving a multi-million-euro pipeline across Europe.
- Designed migration architecture for ingesting 150M documents into Content Server on Kubernetes, ensuring high availability and scalability.
- Developed partner enablement playbooks and delivered quarterly technical workshops, increasing partner-led opportunities by 40%.
- Championed customer feedback loop with product teams, influencing roadmap enhancements for OpenText solutions.
- Acted as Product Manager for Turnpikes Migration Tool, driving its continuous development and feature enhancements to improve migration efficiencies.

Accenture [Associate Manager]

Aug 2021 – Nov 2021

- Directed an 8-member technical team in presales and delivery of OpenText EIM and xECM solutions, achieving a 95% project success rate.
- Created and led cloud migration training modules for AWS/Azure, enabling seamless co-sell engagements and partner enablement.
- Conducted discovery workshops to align solution value propositions with client business objectives.

GEOGRAPHICAL WORK EXPERIENCE (YEARS)

■ India ■ Brazil ■ UK
■ KSA ■ Qatar ■ Denmark

SKILLS

Cloud Computing: AWS, Azure

Containerization: Docker, Kubernetes

Database: Oracle, SQL Server, PostgreSQL, SAP HANA

OpenText Tools: Content Server, Archive Center, OTDS, IV, Brava, Blazon, Extended ECM for (SAP, SuccessFactors, Salesforce)

Methodology: Agile, Waterfall

Tools: Postman, JMeter, JIRA, Confluence

AWS: IAM, S3, VPC, EC2, ECS/EKS, ALB/NLB, Route53, EBS, CloudWatch

Azure: Virtual WAN, Virtual Network, Firewall, Entra ID, AKS

AWARDS

- OpenText: Champions Award – 2018/2019
- OpenText: CEO Excellence Award – 2017
- OpenText: Champions Award – 2016
- Accenture: Voice of the Customer – 2014/2015
- Accenture: Employee of the Year – 2013

IBM [Business Manager]

May 2021 – Aug 2021

- Architected Extended ECM integrations for SAP and Salesforce, improving deployment efficiency by 30%.
- Presented technical roadshows to senior stakeholders, showcasing OpenText compliance, governance, and analytics capabilities.

OpenText [Architect]

Jan 2016 – May 2021

- Engineered end-to-end ECM and xECM implementations for clients in KSA, Brazil, and the USA; containerized deployments reduced CAPEX/OPEX by 25%.
- Streamlined content indexing and retrieval workflows by optimizing infrastructure and query patterns, enhancing system scalability by 60% and reducing average latency under peak loads.
- Managed on-prem to AWS migrations of 65 TB archives with zero-data-loss and under 2-hour cutover windows.
- Directed technical teams in delivering presales and implementation workshops, achieving a 95% project success rate by aligning solution value with business objectives.
- Architected Extended ECM integrations for SAP and Salesforce, improving deployment efficiency by 30%, and presented technical roadshows to senior stakeholders.

Accenture [Senior Software Engineer]

Aug 2011 – Jan 2016

- Executed multiple OpenText upgrades (9.7→16.2) and migrations, leading technical architecture, testing, and rollout phases.
- Implemented monitoring and alerting for OpenText landscapes using native management consoles, reducing incident resolution time by 50%.

Key Projects

ECM Upgrade (9.7.1 to 10.5) | NAGE, UK

- Provided SME functional and technical input during detailed design, build, and testing phases.
- Worked closely with OpenText UK consultants to complete the upgrade.

ECM Migration + Performance Improvement | JIO, India

- Designed ECM landscape to handle 2M records/day ingestion.
- Identified and remediated infrastructure and database performance issues.
- Completed 65 TB migration, transitioning from Windows to Linux clusters.

ECM Upgrade (10 to 10.5) | Banco Original, Brazil

- Designed architectural landscape, capacity planning, and sizing requirements.
- Rehosted existing Linux environment to Windows during upgrade.

ECM Upgrade (10.5 to 16.2) | SABIC, KSA

- Led complex upgrade under tight outage constraints.
- Partnered with OpenText engineering to strategize and execute with minimal downtime.

Extended ECM Implementation | Edelweiss, India

- Deployed xECM solution on AWS; authored FDD/TDD, coordinated with SAP BASIS/ABAP teams, and led go-live.
- Troubleshoot cloud infrastructure issues.

Extended ECM Implementation | TATA Steel, India

- Designed solution to handle 20K workspace creations/day.
- Implemented 19 business objects across MM, PM, and HR modules.
- Defined DB maintenance strategy for 10K active users.

CERTIFICATIONS

- OpenText Content Server Administrator
- OpenText Content Server Business Consultant
- OpenText Content Server Developer
- OpenText Archive Center Administrator
- OpenText Extended ECM for SAP Solution Foundation and Advanced
- OpenText Extended ECM for SuccessFactors
- ITIL 4 Foundation
- AWS Solution Architect – Associate
- AWS Developer – Associate
- AWS SysOps Administrator – Associate
- Azure Fundamentals
- Azure Data Fundamentals

Extended ECM Upgrade | EcoPetrol, Brazil

- Redesigned OpenText solution for AWS upgrade.
- Recommended and implemented cloud monitoring tools, enhancing visibility.

Extended ECM Upgrade | SCG, USA

- Managed 30+ server AWS landscape.
- Designed minimal downtime and DR strategies, reducing outage impact by 90%.

Extended ECM for Salesforce | Securex, Belgium

- Lead architect optimizing xECM solution for Salesforce integrations.
- Planned migration of 150M documents into Content Server.

Extended ECM for SAP Upgrade | Region Skåne, Sweden

- Customized OpenText solutions and transitioned hosting from on-prem to AWS.
- Provided production support for critical issues.

Extended ECM for SAP SuccessFactors | Girtaka, Portugal

- Led architectural design and delivery management, overseeing implementation, migration initiatives, and defining scopes for digital transformation projects.
- Provided production support for high-priority issues, ensuring rapid resolution and operational continuity.

Extended ECM for SAP | Orion, Finland

- Served as Lead Architect and Delivery Owner, managing implementation, migration, and digital transformation scoping.
- Ensured delivery compliance with GxP requirements.
